

Exterior Paint Charts

The paint charts, available as attachments below, are photo copies of the original charts and are not intended to be used for the purpose of visual color matching. The charts are useful for simply illustrating the color combinations available and the brand and code for a particular color. The original paint charts are available from the Chairman, Building and Roads Committee.

Deviations from the charts may be requested with the submitted Application to Paint Exterior Surfaces form, copies of which may be downloaded and printed from this web site.

Select the appropriate color chart from the following list:

Exterior Wall		Roof Color	Chart
Color	Type		
White	Stucco	Green	Select Chart
White	Stucco	Red	Select Chart
White	Stucco	Slate	Select Chart
Biege	Stucco	Slate	Select Chart
---	Brick	Green	Select Chart
---	Brick	Slate	Select Chart
